All walk-in applicants are advised to transact their business directly with Consulate officials and not through travel agencies. Walk-in applicants are by definition those who did not pass through travel agencies.

For the information of the public, the Philippine Embassy and Consulates General in the U.S. started to accept and to process applications for Machine Readable Passports (MRP) on June 2, 2008. This is in compliance with the requirements of the International Civil Aviation Organization (ICAO) for its member states, including the Philippines, to issue MRPs not later than 1 April 2010.

Since applications received by the Philippine Foreign Service Posts in the U.S. will be sent to the Department of Foreign Affairs in Manila via diplomatic pouch, it will take six weeks for a passport to be released to the applicants, from the time the application is accepted. Personal appearance for all will be required for data verification, finger-printing and signature capture. Applications by mail will no longer be accepted.

In compliance with the new photo requirements for the MRP, applicants are requested to visit the Consulate's website.

While some countries may still honor valid green Philippine passports beyond 1 April 2010 as bona fide travel documents until they expire, most countries will require travelers to hold either MRP or e-Passport for their sojourn by 2010.

Thus, all Filipinos, including those with valid green passports, are therefore encouraged to apply for their machine readable passports as early as possible. ###end
