Los Angeles, 19 October 2016 – Filipino-American members of the U.S. Army Recruitment Command (USARC) paid a courtesy call on Consul General Adelio Angelito Cruz in Los Angeles on 13 October 2016.

The group included recruitment officers who cover Los Angeles, Torrance, Simi Valley, Culver City and Carson. They shared information on the US Army recruitment process, benefits and opportunities. The group hopes that more Filipino Americans would take advantage of the opportunities in the US Army in improving their lives and reaching their goals.

Consul General Cruz, who is an advocate of youth empowerment and veterans' welfare, encouraged their campaign and committed to support their advocacy through the Consulate's information dissemination platforms.
