

REPUBLIC OF THE PHILIPPINES

PHILIPPINE CONSULATE GENERAL

LOS ANGELES, CALIFORNIA

**ADVISORY 18
FILIPINOS STAND STRONG IN THE FACE OF COVID-19 PANDEMIC**

The Philippine Consulate General in Los Angeles informs our *kababayans* in Southern California, Southern Nevada and Arizona that the Philippine government is extending all possible assistance to our *kababayans* abroad, prioritizing those left most vulnerable by the COVID-19 pandemic.

The Philippines is battling the same crisis and has to direct precious, limited resources to those most in need. All sectors of Filipino society, dedicated women and men, toil fearlessly night and day to save as many lives as possible and to prevent further spread of the disease.

The Consulate General empathizes with those who have been greatly impacted by the COVID-19 pandemic here and back home, those who lost loved ones, have been separated from their families, lost their jobs, are struggling to keep their business afloat and all the others who are in need of support and hope.

Back home the stakes are higher and tougher choices have to be made.

Here in the southwestern United States, in the face of Social Distancing and as the country enters difficult weeks ahead, the Filipino *Bayanihan* spirit should be kept alive. The same *Bayanihan* spirit has us seen through many natural disasters and trials as a nation. The scourge of this new coronavirus should be no different. Overseas Filipinos should stand strong together in the face of the COVID-19 pandemic.

There is currently a deep philanthropic feeling among residents of southern California, including Filipinos and Filipino-Americans. Those who may want to help in one way or another may visit: **californiavolunteers.ca.gov** or **covid19supplies.ca.gov**.

The following counties have also appealed for help either in the form of volunteering or donations:

Los Angeles County: **covid19.lacounty.gov/covid19-2/how-you-can-help**
Riverside County: **rivcoph.org/coronavirus**
Ventura County: **vcportal.ventura.org/covid19**
San Bernardino County: **publichealthsb.org/covid19**

Those who are staying safer and healthy at home can still help by simply reaching out to our *kababayans* who are in dire need of assistance. Sometimes just pointing someone in need in the right direction can make all the difference.

The local government has expanded its efforts to protect its residents amidst this crisis, regardless of nationality, political views, gender or immigration status. Many resources are readily available and may be at your fingertips without you even knowing it.

You want to be tested for CoVID-19 for free? Visit **coronavirus.LACity.org/Testing**

Are you a senior citizen and need meals? **Call: 1 (213) 482-7252**
